If the applicant is given a written conditional job offer, it will indicate that the offer is conditional upon completion of a drug test with a negative result. Through a urinalysis test, LabCorp will test for marijuana, cocaine, PCP (Phencylidine), opiates such as heroin, morphine and codeine, and amphetamines. Applicants are given a pre-paid drug test registration form for Labcorp. The registration form includes a list of locations that will accept the registration. Results are reviewed within five business days of receipt. If the tests results are positive the applicant is notified in writing of the results, and provided with a copy of the test and a written declination of their application. If a conditional offer had been made previously, the declination will specifically address and revoke the conditional offer.  I, the undersigned applicant, certify that the facts set forth in this application for employment are true and complete to the best of my knowledge. I understand that if I am employed, false statements on this application shall be considered sufficient cause for dismissal. I consent to any and all inquiries made by the Owner or its Agent if necessary to obtain references and to verify the information in the Employment Application, including a credit and/or background check, and agree upon request to provide documentary evidence of prior income and authorization to work in the U.S.  This application does not guarantee employment.
